PROFESSIONAL EXPERIENCE

IT Support Technician

Mount Sinai South Nassau — Oceanside, NY | 07/2024 – 10/2025

- Configured BIOS/UEFI settings and deployed Windows and clinical endpoints through imaging, testing, and provisioning workflows.
- Provided L1/L2 onsite and remote support across Zoom, Teams, RDP, and Dameware environments.
- Resolved 30+ weekly ServiceNow tickets while maintaining 95% SLA compliance.
- Administered Active Directory accounts, permissions, security groups, and distribution lists.
- Supported Microsoft 365 platforms, including Outlook, Teams, Exchange Online, and SharePoint.
- Troubleshot Windows, macOS, printer, scanner, DHCP, DNS, and IP conflict issues.
- Deployed and supported Workstations on Wheels (WOWs) for Epic EHR access and TDR activities.
- Supported server maintenance, patching, endpoint security compliance, and performance monitoring.
- Collaborated with IT and infrastructure teams to maintain operational stability.
- Assisted with scripting and automation efforts to improve IT efficiency.

IT Support Associate

Research Foundation of CUNY — New York, NY | 09/2022 – 07/2024

- Built a Google Workspace-based reporting workflow that improved resolution time by 50%.
- Configured, deployed, and supported 150+ Windows and macOS devices.
- Delivered hardware, software, and account troubleshooting support to 20+ users weekly.
- Supported Microsoft 365 applications, including Outlook, Teams, and OneDrive.

- Assisted with onboarding, deployment, and support for laptops, desktops, and endpoint devices.
- Created technical documentation and user guides to improve onboarding consistency.

IT Support Technician & Youth Counselor

Millennium Development – Brooklyn, NY | 06/2017 – 09/2022

- Provided daily IT support for 20+ users and 50+ devices; achieved 98% uptime.
- Performed preventive maintenance, reducing device downtime by 35%.
- Implemented and maintained an asset tracking and inventory management system, reducing device discrepancies by 40% and improving equipment accountability.
- Maintained and updated documentation of IT procedures and systems, ensuring consistency and faster issue resolution.
- Guided youth in understanding computer fundamentals, software usage, and basic programming concepts.

IT Support Specialist Level 2

Unibank S.A. — Port-au-Prince, HT | 01/2013 – 06/2017

- Configured and deployed 1,500+ workstations annually, improving setup efficiency by 40%.
- Resolved 30+ weekly tickets involving hardware, software, connectivity, and access issues.
- Managed Active Directory accounts, permissions, and secure access controls.
- Supported Microsoft Office and Outlook, troubleshooting email access and configuration issues.
- Provided deskside and remote IT support across 50+ branch locations.
- Troubleshoot TCP/IP, DHCP, DNS, and IP conflict issues across Windows environments.
- Trained and mentored junior IT support staff to improve operational efficiency.

FOUNDER EXPERIENCE & TECHNICAL PROJECTS

Founder & IT/Web Solutions Engineer

GiqComp Solutions — Charlotte Metro Area, NC | 05/2025 – Present

- Design and deploy responsive business websites using HTML/CSS/JavaScript, WordPress, Bootstrap, and Tailwind CSS.
- Configure domains, DNS, SSL certificates, hosting environments, and secure business email systems.
- Implement support portals, scheduling systems, ticketing workflows, and automated client communication solutions.
- Deliver remote IT support and technical consulting, including Microsoft 365 administration, endpoint setup, troubleshooting, and system optimization.
- Integrate AI-powered workflows, automation tools, chatbot systems, and AI receptionist solutions to improve operational efficiency, customer engagement, and user experience.
- Deliver technology solutions that enhance operational efficiency, online presence, and customer support workflows for individuals, organizations, and businesses.
